The modern tile

Technical sheet:

SUSPENDED CEILING TILE T|KARRA CELESTE

General Description

The T|Karra Celeste tile is an innovative solution for creating a magical atmosphere in any interior space.

Equipped with a fiber-optic system, it recreates the brilliance of a starry sky, offering a fairytale ambiance that inspires tranquility. Whether in a bedroom, a living room or a commercial space, this tile combines modern aesthetics and advanced technology to sublimates your interior and invite reverie.

Installation Instructions

① Preparing the ceiling:

Make sure the ceiling is clean and level;

② Mounting the tile:

Insert the tile into the suspended ceiling frame;

③ Electrical connection:

Connect the LED light source to the mains, following the safety recommendations;

④ Setting the light parameters:

Configure the intensity and color of the LEDs via the included controller.

Entretien

Cleaning

Wipe with a soft, damp cloth.
Avoid abrasive products

Checking connections

Inspect electrical connections regularly to ensure optimum operation.
